

MARCH AND RALLY TO STOP LIVE EXPORTS

Date: 6th May 2006

Meet: Dover seafront,
near the bus shelter/toilets

Time: Assemble at 11am,
march at 1pm

After a 10 year hiatus, and despite huge public opposition, Britain's unwanted male dairy calves will once again be shipped long distances to suffer in Continental veal crates. **We must act now to stop it.**

Farmers have lobbied the Government relentlessly for the resumption of calf exports. We need to show politicians that most people are appalled at this trade and want it banned. **Please join the demonstration in Dover** and help send a strong message to the Government (map overleaf).

*Celebrity speakers including Wendy Turner-Webster
Charity stalls including Viva!, Animal Aid, The Vegan Society
Gorgeous vegan food*

Tell the world what you think of this disgusting trade!
